Ciudad Guayana Venezuela

FRONT END DEVELOPER

Computer Engineering student with a strong interest in front-end development. My goal is to combine my academic engineering background with my enthusiasm for creating compelling and functional web experiences. I have spent time acquiring skills in key languages such as HTML, CSS, JavaScript and React, as well as exploring frameworks such as Bootstrap and using React through Through personal projects, I have demonstrated my ability to translate creative designs into interactive user interfaces.

EDUCATION

2020- Present
Universidad Nacional Experimental de Guayana

Computer Engineering

2022-2023
Open Bootcamp

course Html-css,Javascript , ReactJS

SKILLS

- HTML-CSS
- Javascript
- SASS-Bootstrap
- ReactJS
- Git
- Redux toolkit
